Dear Mr. Loisel,

Yesterday I heard from Mr. Allen Dale, of KOAI radio, San Antonio, that he has a tape-recorded confession from a member of the Minutemen saying he had knowledge of a "contract" offered the Minutemen for the Kennedy assassination, that the Mafia had been offered and declined the contract as too hot, etc.

I asked Mr. Dale to send you a copy of the tape and he said he would. His phone number is CA4-7221. The man is a pilot. He was in a bar in Matanzas with another pilot at the time.

Today I am also mailing Tom of copy of a 32-page list of Commission exhibits by the documents of files from which they come. I tell you this in the event one of your Staff down there would find this convenient in any research you may be doing. I can send you a copy also.

While I can make nomaxx assurances, I am hopeful of getting a list of all the suppressed individual items in those files that might be of greatest interest to you. There are other things in which I am engaged that I think might be of considerable collateral interest to your investigation, more so to you during the trial.

I am still anxious to get any materials you feel you can properly give me. I would like a print of the picture identified by Russo after whiskers were added and permission to use it in my book. I presume you are aware of the fact that I am the only one to have already written about the "disgusting-looking" condition of "Leon" Oswald when Mrs. Odio saw him, of his unpempt appearance, etc.

An effort is to be made to interview Sergio Arcachia Smith for radio. I doubt its success, but the effort will be made. If it succeeds, a tape will be sent you. It just seemed possible that one of these men not anxious to talk to an official investigator might find an interest in the making of propaganda or self-justification if offered. It could not be offered William Seymour because his sister's phone is now unlisted.

Sincerely yours,

Harold Weisberg
